East Sac Baby Boomer Member Spotlight

Unlike most East Sac natives of the baby boomer generation, Jaimie Tyler Little was *not* born at Sacramento's Sutter Memorial Hospital. Its maternity ward was too full! So Jaimie's delivery occurred at Mercy Hospital located at 40th and J Streets. Jaimie attended David Lubin Elementary, Kit Carson Junior High and Sacramento High School (Class of '69). Jaimie has been married to Gary Little for 26 years.

The Little's own and manage the 57th Street Antique & Design Center located where the old Christy Gun Works building once stood. The Center includes The Ruralist, a shop that Jaimie and a partner owned and operated for years. She has since retired from that business. Also located within the complex is an East Sacramento favorite: Evan's Kitchen & Catering, in addition to a hair salon, antiques shop, dance studio, interior design store and several other small businesses.

Along with managing her business interests Jaimie has also been active in charitable and community support organizations. She is a founding member of the Leadership Council for the University of California, Davis Medical Center, an organization which supports the UCD campus and promoted the modernization of the UCD Medical Center- the old County Hospital. UCD now houses a modern medical facility and school complete with a full curricula of nurse training. The Leadership Council also offers scholarships to students who will be attending the UCD Medical School.

She is the past President of the Women's Club of Jackson and served on the Amador County Research Foundation, an organization which stages events and raises funds to support cancer research at UCD.

Jaimie answers succinctly when asked why she and her husband Gary joined the East Sac Baby Boomers: "We wanted to give back". ESBB would like to thank Jaimie and Gary for their support of the East Sac Baby Boomers and their continuing involvement with the community.

1. Run to Feed the Hungry
2. Spring concert Cold Fever
3. Karen Bauman and City Councilman Jeff Harris
4. Sac High grad Jerry Royster at River Cats game
5. Meet and greet at Chargin's

East Sac Baby Boomers: Connecting the Community

Left to right: Janelle Wilkinson, Stuart Walthall, Deryl Wallace, and Rick von Geldern

Incorporated in July of 2015, East Sac Baby Boomers is a 501(c)3 Public Benefit Corporation whose mission is to bring together those who share mutual interests and connections to East Sacramento, and to benefit the community on a local level.

Since its inception, ESBB has staged and participated in numerous events, gatherings, and causes. ESBB social activities include Meet & Greets, baseball outings, golf, karaoke, open mic music, Pops in the Park, Run to Feed the Hungry and more. The primary purpose of ESBB social activities is to connect members of our community through fun and meaningful involvement while supporting local businesses, organizations and charities.

The majority of charitable fundraising activities have been accomplished through the ESBB Concerts for Life series, live music presentations staged at local entertainment venues. Nationally known musical acts have been recruited for these benefit performances and have resulted in significant funds being raised to help meet the needs of local community members. Additional funding has been generously provided by Sacramento businesses and organizations. In 2016-17 ESBB was able to donate

\$20,000 to the American Cancer Society's Road To Recover, a program that offers local cancer patients transportation to and from treatments. ESBB plans to expand its charitable outreach in 2018.

As an organization, the East Sac Baby Boomers is continually seeking members who are willing to donate their time, skills and resources in order to raise awareness of, and meet the needs of the entire community. ESBB offers an opportunity for individuals to become meaningfully involved.

Stay informed of past, current and future ESBB activities by visiting our web site at: www.EastSacBabyBoomers.com. While there you can join ESBB, volunteer, make a donation or contact the organization. You can also stay connected by visiting our ESBB Facebook pages. There is much more to come in 2018.

ESBB has become a viable and effective organization operating within the East Sacramento community and awareness of the organization continues to grow. We sincerely hope that 2018 finds you involved with ESBB or any other local charitable organization you may choose to support. Pay it forward.
